AIR OPERATIONS SUMMARY (ICS FORM 220-OS)

Purpose. The Air Operations Summary provides the Air Operations Branch with the number, type, location, and specific assignments of aircraft.

Preparation. The summary is completed by the Operations Section Chief or the Air Operations Branch Director during each Planning Meeting. General air resource assignment information is obtained from the Operational Planning Worksheet (ICS form 215-OS). Specific designators of the air resources assigned to the incident are provided by the Air and Fixed-Wing Support Groups.

Distribution. After the summary is completed by Air Operations personnel (except item 11), the form is given to the Air Support Group Supervisor, who completes the form by indicating the designators of the helicopters and fixed-wing aircraft assigned missions during the specified operational period. This information is provided to Air Operations personnel who, in turn, give the information to the Resources Unit. All completed original forms MUST be given to the Documentation Unit.
